

Development Environment Setup

Tools We Will Need

- ✧ Sign up for an account on GitHub.com
- ✧ Browser (Google Chrome is preferred, but not required)
- ✧ Any code editor you like
 - Atom (I'll be using it in the course)
 - Visual Studio Code, Brackets.io, Sublime Text 3, etc.
- ✧ Git
- ✧ Browser Sync
 - Will need to install NodeJS for it to work
